

Comments from two people who took the journey.

The music was an important part of each session, soothing, smoothing out the busyness of one's thoughts. The times of relaxation were healing and enjoyable—inducing contemplation and meditation and so appropriate to each theme. The stories were wonderful, thought-provoking and told in a gentle manner with lovely visual aids— and cleverly relating each particular sense to the Bible story. The pivot of the evening.

Thank you both for the peace and for an absolutely splendid, thought-provoking, and healing course of evenings. I do appreciate all the hard work that went into this extremely well organised venture. Thank you. **Margaret (a woman recently widowed)**

Throughout the course i felt the music was relaxing and complimented the other aspects of the course. The times of relaxing were very good. However I found that in relation to the other activities, the massage was relatively short and in my opinion could do with lengthening.

All the stories were mesmerizing. The floor stories were brilliant and I especially enjoyed 'The Wedding'. The tasting of the wine after the miracle certainly enhanced the story for me.

I was a bit apprehensive about this course at first. It was our second meeting of the house group. But was surprised and pleased to find that the course was very gentle and easy going. The floor stories however were very powerful and moving. Overall I found it a great experience and it certainly helped me on my journey of faith. Thank you both.

The triquetra was for me a great experience. During this exercise I felt the presence of God come to me and forgive the sins. For this I will be forever grateful.
